

Dear FCC,

I ask you to NOT repeal net neutrality. Regulations need to remain in order for ALL businesses and people to have an equal chance at being noticed on the internet. By repealing net neutrality, you would be setting up a system where information might not flow freely.

The repeal of net neutrality will pass power to the large corporations to the detriment of small businesses and start-ups. As consumers, we will end up paying more for an inferior product.

I worry about free speech as corporations refuse to allow access to sites that they do not support.

Please help the millions of people in the US who don't have the means to afford the looming prices you will be inflicting if you repeal net neutrality.

Vote to keep net neutrality as it is.

Best Regards.
